

CREATE YOUR OWN HERBARIUM workshop

with Lynne Kavanagh

Would you like to improve your plant identification skills in a more creative and fun way? Join Lynne Kavanagh for a workshop which will teach you how to create your very own herbarium. We will show you a range of techniques used in identifying native and exotic plants and you will be able to view sample herbariums created for this region.

When: Saturday May 11

Time: 10am – 1pm

Where: Corrimal, NSW

Location details supplied upon registration

**RSVP: By Wednesday May 8 to Megan Rowlatt 4229 7526
or email communitysupport@conservationvolunteers.com.au**

Lunch will be provided

The workshop will include information about:

**Plant Identification
Herbarium techniques**

Participants will be given free resource kits and will go for a short walk to collect specimens on the day
